Risk Acknowledgement

The customer acknowledges, recognizes and understands that trading and investments in leveraged as well as non-leveraged Contracts is:

- highly speculative.
- may involve an extreme degree of risk; and
- It is appropriate only for persons who, if they trade on margin, can assume risk of loss in excess of their margin deposit.

- because of the low margin normally required in Margin Trades, price changes in the underlying asset may result in significant losses, which losses may substantially exceed the customer's investment and margin deposit.
- When the customer directs the Company to enter any transaction, any profit or loss arises as a result of a fluctuation in the value of the asset, or the underlying asset will be entirely for the customer's account and risk.
- The customer warrants that the customer is willing and able, financially and otherwise, to assume the risk of trading in speculative investments.
- The customer agrees not to hold the Company responsible for losses incurred as a consequence of the Company carrying the customer's account and following its recommendations or suggestions or those of its employees, associates or representatives, unless the Company has exercised gross negligence in connection herewith.
- the customer is aware of the fact that it is the Customer's sole responsibility when transmitting orders to the Company via the trading platform; the Company shall not bear any responsibility for any loss and/or error that shall occur as a result of such orders.
- The customer accepts that guarantees of profit or freedom from loss are impossible in investment trading; and
- The customer accepts that the customer has received no such guarantees or similar representations from the Company, from an IB, or representatives hereof or any other entity with whom the customer is conducting the Company account.

11. General Rules of Trading

- 11.1 Once you place an Order on the Trading Platform, the Company executes the said order by itself. It is understood that the Company executes the Client Orders in CFDs as principal to principal against the Client.
- 11.1. You acknowledge and agree that each Transaction conducted on the Trading Platform, including the placing of an Order, is comprised of first, an offer by you to us to complete a Transaction (whether such offer is to open a Transaction or close an open Transaction) at a certain price quoted on the Trading Platform, and our subsequent acceptance of your offer. A Transaction will be deemed to have been completed only when your offer has been received and accepted by us. Our acceptance of an offer will be evidenced by our confirmation of its terms to you and its completion.
- 11.2. The Company may in its sole discretion reject any order from the Client but will notify the Client of any such rejection, without giving any reasons, promptly following receipt of the Client's instructions. The Company may cancel any instructions previously given by the Client provided that the Company has not acted on the Client's instructions. Without prejudice to the generality of the foregoing the Client acknowledges that the Company may reject orders and/or instructions by the Client when they are not clear when the Client seeks to open a position, close a position or modify or withdraw an order".
- 11.3. We reserve the right to void from the outset any Transaction containing or based on any Manifest Error. In the absence of our fraud or willful default, we will not be liable to you for any loss, cost, claim, demand or expense following any Manifest Error.

- 11.4. You acknowledge that all prices and Quotes shown on the Trading Platform are indicative only of actual trading prices in Normal Market Size and are subject to constant change. The Company provides Quotes by taking into account the Underlying Asset price, but this does not mean that these Quotes are within any specific percentage of the Underlying Asset price. When the relevant Underlying Market is closed, the Quotes provided by the Company will reflect what the Company thinks to be the current Bid and Ask price of the relevant Underlying Asset at that time.
- 11.5. You shall comply with any restrictions that we notify you from time to time with respect to your activities on the Trading Platform, including without limitation, the size of Transactions or other conditions that may apply to our quote. You acknowledge that we may offer to and impose on each user, in our sole discretion, different terms and restrictions with respect to their use of the Trading Platform.
- 11.6. You acknowledge that the Trading Platform is independent of any Underlying Markets, and we are under no obligation to quote a particular price or follow the trading rules consistent with such Underlying Markets. You further acknowledge that the triggering of your Transaction is linked to the prices we quote on the Trading Platform, not the prices quoted on the relevant Underlying Markets. In determining whether the prices quoted on the Trading Platform reach or exceed the price accepted by us in a Transaction, we will be entitled (but not obliged), in our absolute discretion, to disregard any prices quoted by us during any pre-market, post-market or intra-day auction periods in the relevant Underlying Markets, during any intra-day or other period of suspension in the relevant Underlying Markets, or during any other period that in our reasonable opinion may give rise to short-term price spikes or other distortions. Our prices may differ from the current prices on the relevant Underlying Markets, and you acknowledge that a Transaction may be triggered even though:
- an Underlying Market never traded at the level of your Transaction; or
 - the Underlying Market did trade at the level of your Transaction but for such a short period that it would have been impractical to execute an equivalent transaction on the Underlying Markets.
- 11.7. When you complete a Transaction on the Trading Platform, you agree that you are not dealing on a recognized exchange.
- 11.8. You undertake and agree not to use the prices quoted on the Trading Platform for any purpose other than for your own trading purpose, and you agree not to redistribute our prices to any other person whether such redistribution is for commercial or other purposes
- 11.9. You acknowledge that each Transaction is made for a specified number of units that constitute the Underlying Asset. You may only complete Transactions on the Trading Platform for the minimum number of units as set forth on the Trading Platform as the "Unit Amount", and in multiples of such "Unit Amount" up until the maximum amount permitted by the Trading Platform. You acknowledge and agree that we may set, in our sole and absolute discretion, the "Unit Amount" for each Underlying Asset.
- 11.10. Each Transaction opened by you, and any Transaction completed, will be binding on you notwithstanding that by opening the Transaction you may have exceeded any credit or other limit applicable to you or in respect of your dealings with us. It is noted however that the Company applies a Negative Balance Protection Policy pursuant to which, you may not lose more than the amount deposit on the Platform. In the event that a Position is closed at such price causing your equity to fall below zero, the Company shall waive its right to receive the balance from the Client.

11.11. Subject to paragraph 11.15 herein you may request a quote to open or close a Transaction for a particular Underlying Asset, at any time during the Trading Hours for such Underlying Asset. We will be under no obligation to but may, in our absolute discretion, provide a quote and accept and act on your offer to open or close a Transaction for an Underlying Asset outside of the Trading Hours of such Underlying Asset. In some cases, Transactions may only be traded during the time when the relevant Underlying Market is open. Trading Hours are displayed on the Trading Platform under the details link for each specific Underlying Asset. It is your responsibility to ensure you are aware of which Underlying Asset may be affected.

11.12. Without prejudice to any of our right hereunder, if, prior to the acceptance of your Order to open or close a Transaction, we become aware that any of the factors set out in paragraph 15.14 herein have not been met, we reserve the right to reject your Order outright. If we have, nevertheless, already opened or closed a Transaction prior to becoming aware that a factor set out in paragraph 11.14 herein has not been met, we may, in our discretion, either treat such a Transaction as void from the outset or close it at our then prevailing price. However, we may, in our absolute discretion, allow you to open or, as the case may be, close the Transaction in which case you will be bound by the opening or closure of such Transaction, notwithstanding that the factors in paragraph 11.14 were not satisfied.

11.13. The factors referred to in paragraph 11.13 include the following:

- the quote must be obtained via the Trading Platform or by such other means as we may from time to time notify you.
- your offer to open or close the Transaction must be given while the quote is still valid.
- the quote must not contain a Manifest Error.
- when you offer to open a Transaction, the number of units in respect of which the Transaction is to be opened must be neither smaller than the minimum unit amount specified on the Trading Platform for the Instrument, as applicable, from time to time, nor greater than the amount permitted in accordance with the terms of this Agreement.
- when you offer to close part but not all of an open Transaction both the part of the Transaction that you offer to close and the part that would remain open if we accepted your offer must not be smaller than the minimum unit amount specified on the Trading Platform.
- force Majeure Event must not have occurred when you offer to open or close a Transaction.
- an Event of Default must not have occurred in respect of you.
- when you offer to open any Transaction, the opening of the Transaction must not result in your exceeding any initial or maintenance margin amount, credit or other limit placed on your dealings.
- subject to paragraph 11.12, our offer must be given to us during the Trading Hours for the applicable Underlying Asset in respect of which you offer to open or close the Transaction.
- the internet connection or communications are not disrupted.
- there is no request of regulatory or supervisory authorities of Seychelles or a court order to the contrary.
- the legality or genuineness of the Order is not under doubt.

- there are Normal Market Conditions; and
- any other reasonable factor that we, in our sole discretion, notify you from time to time.

11.14. If, before your offer to open or close a Transaction is accepted by us, our quote moves to your advantage (for example, if the price goes down as you buy, or the price goes up as you sell) you agree that we can pass such price improvement on to you. The effect of such action being that the level at which you offer to open or close a Transaction will, upon acceptance by us, be altered to the more favourable price. You acknowledge that it is in your best interests for us to alter the level of your offer in the manner contemplated in this paragraph and you agree that any offer altered in accordance with this paragraph, once accepted by us, results in a fully binding agreement between us. The Company will take reasonable steps to find and deal on the terms which are the best available to the client when dealing with or for a client. You should also note that we will only pass on a price improvement within allowable limits.

11.15. The Company is under no obligation, unless otherwise agreed in the Agreement, to monitor or advise the Client on the status of any Transaction or to close out any Client's Open Positions. When the Company decides to do so, other than in order to enforce the Negative Balance Protection, this will be done on a discretionary basis and will not be considered an undertaking of an obligation to continue. It is the Client's responsibility to be aware of his positions at all times.

11.16. If any Underlying Asset which is a security becomes subject to possible adjustments as a result of any of the events set out in section 15.19 (referred to as "Corporate Event"), the Company will determine the appropriate adjustment, if any, to be made to the opening/closing price, size, value and/or quantity of the corresponding Transaction (and also the level or size of the corresponding orders). This action is made in order to (i) account for the diluting or concentrating effect necessary to preserve the economic equivalent of the rights and obligations of the parties under that transaction immediately prior to that Corporate Event, and/or (ii) replicate the effect of the Corporate Event upon someone with an interest in the relevant Underlying Asset security, to be effective from the date determined by the Company.

11.17. The events to which paragraph 11.18 refers to are any of the following, by the declaration of the issuer of a security:

- a. A subdivision, consolidation or reclassification of shares, a share buy-back or cancellation, or a free distribution of bonus shares to existing shareholders, capitalization or share split or reverse share split or similar event.
- b. A distribution to existing holders of the shares or additional shares, other share capital or securities, granting the right to payment of dividends and/or proceeds from the liquidation of the issuer equally proportionate to such payments to holders of the underlying shares, securities, or warrants granting the right to receive or purchase shares for less than the current market price per share.
- c. Any other event regarding shares analogous to any of the above events or otherwise having a diluting or concentrating effect on the market value of shares.
- d. Any event analogous to any of the above events or otherwise having a diluting or concentrating effect on the market value of any security not based on shares; or

- e. Any event that is caused by a merger offer made regarding the company of the underlying asset.
- 11.18. If any Underlying Asset which is a security becomes subject to a specific risk resulting in a predicted fall in value, the Company reserves the right to restrict short selling or even withdraw the specific Underlying Asset from the Trading Platform.
- 11.19. Determination of any adjustment or amendment to the opening/closing price, size, value and/or quantity of the Transaction (and/or level or size of any order) shall be at the Company's sole discretion and shall be conclusive and binding upon the Client. The Company shall inform the Client of any adjustment or amendment via its internal mail as soon as is reasonably practicable.
- 11.20. In the case where the Client deliberately attempts to take advantage of the fact that shares in a particular Spot Index going ex-dividend, the Company reserves the right to apply a dividend adjustment in the form of commission without prior notice or consent. In the case of short positions, the dividend adjustment will be debited from the client's account where dividend adjustments = Index Dividend declared x position size in Lots.
- 11.21. If a company, whose Underlying Asset forms the CFD goes into insolvency or is otherwise dissolved, we shall close any such of your open Transactions in CFD of that Underlying Asset. The closing date shall be the date of insolvency.
- 11.22. The Company will use reasonable efforts to execute an Order, but it is agreed and understood that despite the Company's reasonable efforts transmission or execution may not always be achieved at all for reasons beyond the control of the Company.
- 11.23. The use of any robots, AI, algorithmic trading, or any form of computerized trading code or software with the Trading Platform is strictly prohibited. Any such use is entirely at the Client's own risk, and the Company assumes no responsibility or liability for any resulting losses or damages. The Company makes no representations or warranties regarding the accuracy, functionality, performance, or reliability of any robots or algorithmic trading solutions, and expressly disclaims any liability for errors, malfunctions, or failures associated with their use.

The Client acknowledges that the use of robots or algorithmic trading is highly risky and that any such activity constitutes a material breach of this Agreement. In the event the Company, in its sole discretion, reasonably suspects that a Client is utilizing any form of AI, algorithmic trading, or computerized trading software in connection with their account, this shall constitute an immediate act of default. As a result, the Company shall have the right to take immediate action, including, but not limited to, suspending or terminating the Client's account, freezing any funds, and pursuing any other legal or contractual remedies available under Section 22 of this Agreement or any applicable laws. Any transaction executed through the use of such prohibited systems will be deemed to have been executed by the Client and will not be considered valid or authorized by the Company.

12. Our Right to Force Close

- 12.1. If the prices quoted on the Trading Platform change such that the total difference payable by you pursuant to all of your open Transaction equals or exceeds the total Maintenance Margin for all such Transactions, or the amount in your Trading Account is equal to or less than the total Maintenance Margin

for all of your open Transaction(s), or if we receive a charge-back from your credit card issuer or from your alternative payment method provider, or a recall from your bank or with respect to any other payment method for any reason, you acknowledge that we have the right, in our sole discretion, to immediately close any and all of your Open Positions whether at a loss or a profit without any prior notice. The exercise of our right to force close your Open Positions will not result in termination of your Trading Account or of this Agreement, unless we send you a notice of termination.

- 12.2. Notwithstanding the foregoing, if the prices quoted on the Trading Platform move against the price of your Transaction, we may, without obligation or liability, request that you increase the amount in your Trading Account, within a short period of time, to cover the Difference and/or meet the Maintenance Margin requirements for the purpose of keeping a Transaction open. If you fail to comply with a request for additional funds within the time prescribed by us, we may in our sole discretion, close any and all of your open Transaction whether at a loss or a profit and liquidate your Trading Account for the Difference payable by you. It is your responsibility to monitor, at all times, the amount deposited in your Trading Account against the amount of any margin required as a result of your trading decisions.
- 12.3. We may specify on the Trading Platform expiration times and dates for various Underlying Assets traded on the Trading Platform. If the Trading Platform specifies such a time of expiration for an Underlying Asset, you hereby authorize us to close any open Transactions with respect to such an Underlying Asset at the price quoted on the Trading Platform at such time.
- 12.4. You acknowledge that the trading of certain Underlying Assets on the Trading Platform may become volatile very quickly and without warning. Due to the high degree of risk involved in trading volatile Underlying Assets, you acknowledge and agree that we reserve the right to close all or any open Transactions with respect to any Underlying Asset that we determine, in our sole discretion, are volatile, at the price quoted on the Trading Platform at such time without notice.

13. Force Majeure

- 13.1. We may, in our reasonable opinion, determine that a Force Majeure Event exists. A Force Majeure Event will include, but is not limited to, the following:
- any act, event or occurrence (including without limitation any strike, riot or civil commotion, act of terrorism, war, industrial action, acts and regulations of any governmental or supranational bodies or authorities) that, in our opinion, prevents us from maintaining an orderly market in one or more of the FX and other CFDs in respect of which we deal on the Trading Platform.
 - the suspension or closure of any Underlying Market or the occurrence, abandonment or failure of any Underlying Asset on which we base, or to which we in any way relate, our quote, or the imposition of limits or special or unusual terms on the trading in any such market or on any such event.
 - the occurrence of an excessive movement in the level of any Transaction and/or Underlying Market or our anticipation (acting reasonably) of the occurrence of such a movement.
 - any breakdown or failure of transmission, communication or computer facilities, interruption of power supply, or electronic or communications equipment failure; or

- the failure of any relevant supplier, Financial Institution, intermediate broker, agent or principal of ours, custodian, sub-custodian, dealer, Underlying Market, clearinghouse or regulatory or self-regulatory organization, for any reason, to perform its obligations.
- 13.2. If we determine that a Force Majeure Event exists, we may, in our absolute discretion, without notice and at any time, take one or more of the following steps:
- alter your Margin requirements, which may result in you requiring to provide additional Margin.
 - close all or any of your open Transactions at such closing prices as we reasonably believe to be appropriate.
 - suspend or modify the application of all or part of the Agreement to the extent that the Force Majeure Event makes it impossible or impracticable for us to comply thereto; or
 - alter the Trading Hours for a particular Transaction.
- 13.3. You agree that we will not be liable in any way to you or to any other person in the event of a Force Majeure Event, nor for our actions pursuant to paragraph 17.2, if we decide to take such action. The Parties shall be released of all responsibilities for partial or full non-fulfilment, as well as for improper fulfilment of the obligations under this Agreement, if such non-fulfilment or improper fulfilment was a result of a Force Majeure Event, which occurred after the Client Agreements were concluded.

14. Margin Requirements and Margin Calls.

- 14.1. In order to open a Transaction for an Underlying Asset, you undertake to provide the Initial Margin in your Trading Account. In order to keep a Transaction open, you undertake to ensure that the amount in your Trading Account exceeds the Maintenance Margin. You acknowledge that the Margin for each Underlying Asset differs and may be changed by us in our sole discretion from time to time. Deposits into your Trading Account can be made by wire transfer or another method of payment, to a bank account, or other location, as we may notify you from time to time. Based on the amount of money you have in your Trading Account, we retain the right to limit the amount and total number of open Transactions that you may wish to open or currently maintain on the Trading Platform. It is understood that each different type of Trading Account offered by us from time to time may have different Margin Requirements
- 14.2. It is your responsibility to ensure that you understand how Margin Requirements are calculated.
- 14.3. Unless a Force Majeure Event has occurred, the Company has the right to change the Margin requirements, giving to the Client three (3) Business Days Written Notice prior to these amendments. New Margin Requirements shall be applied for new positions. The Company has the right to change Margin requirements without prior notice to the Client in the case of Force Majeure Event. In this situation, the Company has the right to apply new Margin requirements to the new positions and to the positions which are already open. All changes shall be affected on the Platform and/or the Website and the Client is responsible to check for updates. It is the Client's responsibility to always monitor the amount deposited in his Trading Account against the amount of any Margin required under this Agreement and any additional margin that may become necessary.
- 14.4. You are aware and acknowledge that we may, in our sole discretion, require you to take certain action in your Trading Account pursuant to a Margin Call. A Margin Call may be based upon a number of factors,

including without limitation, your overall position with us, your account size, the number of open Transactions you have, the volume traded, your trade history and market conditions. The Company guarantees on a non-discretionary basis “Negative Balance Protection” for the Client. This means that the Company ensures that losses/costs of the Client will never exceed the total balance held in the Client’s Trading Account. If any sub-account falls into negative equity, the Company reserves the right to transfer funds from one of the other sub-accounts in the structure to cover the deficit. Such transfer could cause one or more of the sub-accounts to be subject to stop-out. There may also be costs associated with such transfers, for example conversion fees if funds in different currencies are transferred. It is the client’s responsibility to maintain positive balances and fulfil margin requirements on all individual sub-accounts as well as on an aggregate level. The Company will monitor the client’s risk exposures and balances on a counterparty basis and reserves the right to proceed with actions to manage the client’s aggregate risk towards the Company not limited on a sub-account basis.

- 14.5. Further to the above, in the event that the Company determines, at its sole discretion, that the Client voluntarily and/or involuntarily abuses the “Negative Balance Protection” offered by the Company, by way of, but not limited to, hedging his/her exposure using his/her Trading Account(s), whether under the same profile or in connection with another Client(s), then the Client accepts that the Company is entitled to treat this incident as a force majeure event and taken any or all of the actions outlined in paragraph 13.2. Note that Hedging is considered the act of entering into transactions or combination of transactions, such as holding long and short positions, in the same or correlated instruments at the same time, either by the Client or by the client acting in concert with others maintaining Trading Accounts with the Company.
- 14.6. The Company shall not have an obligation to make any Margin Call to the Client but in the event that it does, or in the event that the Trading Platform warns the Client that it reached a certain percentage of the Margin in the Trading Account, the Client should take any or any of the three options to deal with the situation:
- a. Limit his exposure (close trades); or
 - b. Hedge his positions (open counter positions to the ones he has right now) while re-evaluating the situation; or
 - c. Deposit more money in his Trading Account.
- 14.7. Failure to meet the Margin Requirements at any time or failure to take an action under paragraph 14.5 of this Client Agreement, gives us the right in our sole discretion, to close any and all of your Open Positions whether at a loss or a profit without further notice to you. It is your responsibility to monitor, at all times, the amount deposited in your Trading Account against the amount of Maintenance Margin required as a result of your trading decisions and it is understood that the Company has the right to take the actions of this paragraph, even if a Margin Call is not made under paragraph 14.5 of this Client Agreement.
- 14.8. Margin shall be paid in monetary funds in the Currency of the Client Account.
- 14.9. The Client undertakes neither to create nor to have outstanding any security interest whatsoever over, nor to agree to assign or transfer, any of the Margin transferred to the Company.
- 14.10. If you have more than one Trading Account with us, each Trading Account will be treated entirely separately. Therefore, any credit on one Trading Account (including amounts deposited as margin) will

not discharge your liabilities in respect of any other Trading Account. It is your responsibility to ensure the required level of margin is in place for each Trading Account separately.

15. Settlement, Payments, Costs and Taxes.

15.1. Upon completing a Transaction:

- You shall be liable for the Difference if the Transaction is:
 1. a Sell, and the closing price of the Transaction is higher than the opening price of the Transaction;
or
 2. a Buy, and the closing price of the Transaction is lower than the opening price of the Transaction.
- You shall receive the Difference if the Transaction is:
 3. a Sell, and the closing price of the Transaction is lower than the opening price of the Transaction;
or
 4. a Buy, and the closing price of the Transaction is higher than the opening price of the Transaction.

15.2. Unless we agree otherwise, all sums for which either Party is liable under paragraph 15.1 above are immediately payable upon closing of the Transaction. You hereby authorise us to debit or credit your Trading Account with the relevant sums at the closing of each Transaction. It is understood that once you place an Order, until such Order is executed and the Transaction is closed, the Maintenance Margin shall not be used as collateral and hence shall be unavailable for withdrawal.

15.3. You shall be liable for any and all taxes, fees and assessments with respect to any Transaction you complete on the Trading Platform. It is your obligation alone to calculate and pay all taxes applicable to you in your country of residence or otherwise arising as a result of your trading activity from the use of the Trading Platform.

15.4. Any payments due to you such amounts as are required by the tax authorities to be deducted in accordance with applicable law.

15.5. It is possible that other costs, including taxes, relating to transactions carried out on the Trading Platform may arise for which you are liable and which are neither paid via us nor imposed by us. Without derogating from your sole and entire responsibility to account for tax due, you agree that we may deduct tax, as may be required by the applicable law, and requested by any tax authority, with respect to your trading activity on the Trading Platform. You are aware that we have a right of set-off against any amounts in your Trading Account with respect to such tax deductions, and you hereby authorize us to withdraw amounts from your Trading Account with which to pay such taxes. You shall have no claim against us with regard to such deductions. You further agree that such deductions do not derogate from our rights to make Margin Calls under this Agreement.

15.6. It is hereby clarified that subject to the terms of this Agreement and the provisions of paragraph 23.1, the Difference is the only payment required by you for the Services. Notwithstanding the above, we reserve the right to charge additional fees or charges in the future, upon one month's prior notice. The applicable fees or charges from time to time may be found on the Company's Website. Company may vary its fees from time to time. The Company will send a Written Notice to the Client informing of any

changes, before they come into effect. The variation will take effect from the date which the Company specifies in its notification to the Client.

- 15.7. Should your country of residence operate regulations or laws which restrict the use of currency or require you to report receipts and payments of that currency to a regulator or legal authority, you agree that you will fulfil any reporting obligations or obtain any required consents or approvals which may arise as a result of your use of the Trading Platform or associated transactions.

Appendix 1 – FX and other CFD TRADING TERMS

1. Scope

This Appendix 1 is applicable only to those Clients trading in the Financial Instruments of Contracts for Differences for all types of Underlying Assets available with the Company from time to time such as Currency Pairs (for FX Contracts), Equity Indices, base or precious Metals, Forwards, Commodities, Stocks, Shares Indices and Futures. Although the term FX / FX Contract is a type of a Contract for Difference, it is mentioned separately to mean the type of CFD where the Underlying Asset is a Currency Pair.

2. Opening and Closing Orders/Transactions

1. In order to open a Transaction in an FX and other CFD on the Trading Platform, you must either open a Buy or a Sell, at the price quoted by the Trading Platform at the time of such Transaction. In order to close a Transaction, you must either offer to sell (in the case of a Buy), or purchase (in the case of a Sell), the Underlying Asset covered by such open Transaction, at the price quoted by the Trading Platform at the time of such closing offer. Transactions or open positions cannot be transferred to other FX and CFD providers or their platforms. Full details of our Order Execution Policy can be found on the Website.
2. The Trading Platform will provide a Buy quote and a Sell quote for each Underlying Asset traded on the Trading Platform. You acknowledge that upon opening a Buy or closing a Sell, you may only do so at the price quoted by the Trading Platform to purchase such Underlying Asset. You further acknowledge that upon opening a Sell or closing a Buy, you may only do so at the price quoted by the Trading Platform for such Underlying Asset.
3. On the Trading Platform, you shall be entitled to make an offer to open a Transaction at the best available rate on the Trading Platform ("Market Order") at the time of opening such a Transaction, unless you specify a particular price in which to make an offer to open a Transaction ("Limit Order"). With respect to a Market Order, the price at which a Transaction is completed may not always be at the exact rate displayed when the order is submitted. You agree that your offer to open a Market Order may be accepted at a lower or higher price than the price indicated by you in your Market Order, within a certain range as specified on the Trading Platform from time to time. If you choose to open a Market Order, your offer will be accepted at the best possible rate offered on the Trading Platform.

With respect to a Limit Order, the price at which a Transaction is completed may not always be at the exact rate displayed when the order is submitted. You agree that your offer to open a Limit Order may be accepted at a lower price if a buy, or higher price if a sell, than the price indicated by you in your Limit Order as specified on the Trading Platform from time to time. If you offer to open a Limit Order, your offer may be accepted at the price indicated by you in your offer. At any time prior to acceptance of a Limit Order, you may cancel the Limit Order without any further liability. If you choose to open a Limit Order, your offer will be accepted at the best possible rate offered on the Trading Platform.

5. Orders can be placed and (if allowed) changed within the Trading Hours for each type of FX and other CFDs appearing on the Company's Website, as amended by the Company from time to time. The Client agrees that the Orders to open a position if accepted by the Company outside the Trading Hours may not be capable of execution should the market not trade at the price stipulated once Trading Hours commence.

6. Pending Orders, not executed, shall remain effective through the next trading session (as applicable). All open spot positions will be rolled over to the next Business Day at the close of business in the relevant Underlying Market, subject to the Company's rights to close the open spot position. Any open forward positions will be rolled over at the expiry of the relevant period into the next relevant period subject to the Company's rights to close the open forward position.
7. Market Orders not executed because there is not enough volume to fill them, will not remain effective and will be cancelled.
8. Orders shall be valid in accordance with the type and time of the given Order, as specified by the Client. If the time of validity of the Order is not specified, it shall be valid for an indefinite period. However, the Company may delete one or all pending orders if the Trading Account Equity reaches zero.
9. Orders may be removed by the Client before they are executed.
10. Stop loss and Take Profit orders may be changed as long as they are higher in distance than a specific level (depending on the trading symbol).
11. The Client may change the expiration date of Pending Orders or delete or modify a Pending Order before it is executed. In order to change the expiry the Client will need to cancel the Order and place a new one.
12. FX and other CFD Orders on currencies are executed as follows:
 - Take Profit (T/P) orders are executed at stated prices.
 - Stop Loss (S/L) orders are executed at first market prices.
 - Stop Loss (S/L) orders set for lock positions are executed at first market prices.
 - Limit orders are executed at stated prices.
 - Buy Stop and Sell Stop orders for position opening are executed at first market prices.

The Client acknowledges and agrees that due to market volatility and factors beyond its control, the Company cannot guarantee that an Order will be executed at the level specified in the Client Order, for example, an Order may be closed at a worse price than as originally specified by the Client in such an Order. In such an event, the Company will close the Transaction at the next best price. For example, with respect to a Close at Loss, in the case of a Buy to close, the price of an Instrument underlying such Order may suddenly increase above the Close at Loss price, without ever reaching such price. In the case of a Sell to close, the price of an Instrument underlying such Order may suddenly decrease below the Close at Loss price, without ever reaching such price.

13. With respect to a Close at Profit where the price for an Underlying Asset moves to the Client's advantage (for example, if the price goes down as the Client Buys or the price goes up as the Client Sells), the Client agrees that the Company can pass such price improvement on to the Client.
14. In the event that the Company is unable to proceed with an Order, with regard to price or size or other reason, the Company will not send a re-quote to the Client (with the price it is willing to deal until the price the Client asks is available). The Order will be rejected, and the Client will need to place another Order.

3. Stop and Limits

We may, in our sole discretion, allow you to specify a closing price for a Transaction through a "Close at Loss" and "Close at Profit" order, subject always to the terms of the Client Agreements and any other terms and conditions we may implement from time to time.

1. Upon your offer and our acceptance of your Order, you hereby authorize us to close the Transaction at the "Close at Loss" price or "Close at Profit" price, as applicable, and as agreed in the Order, without further instruction from or notification to you. We may, in our sole discretion, close the Transaction when the price quoted by us on the Trading Platform equals or exceeds the price accepted by us for such an Order. You acknowledge that we will not be required to close any Transaction if you are not in compliance with any of the factors set forth in paragraph 15.14 of this Client Agreement.
2. We may, in our sole discretion, allow you to request the opening or closing of a Transaction, including a "Close at Loss" and "Close at Profit" Order, within a specific time period determined by you. If we have accepted such a request, we may in our sole discretion, close the Transaction within such specific time period. You acknowledge and agree that we shall not be obliged to close such a Transaction outside such specific time period or which does not otherwise comply with any other limitations agreed upon with respect to such Transaction.
3. We may, in our sole discretion, accept an offer to place a Trailing Stop in relation to a "Close at Loss". You acknowledge that the original price level set forth in a Close at Loss may be amended as the market on the Trading Platform moves in your favor. Whilst your trailing "Close at Loss" is still in effect, you agree that each change in the market by at least one hundredth of a percentage point (referred to as "Pips" on the Trading Platform) in your favor shall constitute a new offer by you to raise the level of your trailing "Close at Loss" by one hundredth of one percentage point. Changes in a Pip will be rounded to the nearest absolute value in your base currency based on your country of origin, as shall be specified on the Trading Platform.
4. You acknowledge and agree that due to market volatility and factors beyond our control, we cannot guarantee that an Order will be executed at the level specified in your Order, for example, an Order may be closed at a worse price than as originally specified by you in such an Order. In such an event, we will close the Transaction at the next best price. For example, with respect to a Close at Loss, in the case of a Buy, the price of an Underlying Asset underlying such Order may suddenly decrease below the Close at Loss price, without ever reaching such price. In the case of a Sell, the price of an Underlying Asset underlying such Order may suddenly increase above the Close at Loss price, without ever reaching such price.
5. With respect to a Close at Profit where the price for an Underlying Asset moves to your advantage (for example, if the price goes down as you buy or the price goes up as you sell), you agree that we can (but do not have to) pass such price improvement on to you. For example, in the case of a Buy, the price of an Underlying Asset underlying such Order may suddenly increase above the Close at Profit price, without ever reaching such price. In the case of a Sell, the price of an Underlying Asset underlying such Order may suddenly decrease below the Close at Profit price, without ever reaching such price.

6. The Client agrees that placing a Stop Loss Order will not necessarily limit losses to the intended amounts, because market conditions may make it impossible to execute such an Order at the stipulated price and the Company bears no responsibility whatsoever.
7. The Company may, in its sole discretion, accept the Client's offer to place a Guaranteed Stop Order at an exact price determined by the Client. Guaranteed Stop Orders are only available on certain Underlying Asset, as indicated in the details tab for an Underlying Asset. If the Company accepts a Guaranteed Stop on a new Order the Company guarantees that when its bid or offer quoted price reaches or goes beyond the close at loss price specified by the Client, the Company will close the Client's open position at exactly the price the Client specifies in the Guarantee Stop Order. An Open Position can be closed in accordance with the Client Agreements prior to reaching the Guaranteed Stop Order price level.
8. A Guaranteed Stop Order is subject to the following additional conditions:
 - a. A Guaranteed Stop Order can be requested only on a new Order and is only available on close at loss conditions.
 - b. A Guaranteed Stop Order can be activated or edited only when there is trading and an eligible Underlying Asset is available on the Trading Platform;
 - c. Once a Guaranteed Stop Order is accepted by the Company it cannot be removed - only the price can be changed.
 - d. A Guaranteed Stop Order must be placed a minimum distance (as determined by the Company) away from the current Underlying Asset price being quoted by the Company.
 - e. As the Company guarantees the close out price, the spread is adjusted for the additional charge when placing the Guaranteed Stop Order. The adjusted spread is displayed in the Underlying Asset details tab for each eligible Underlying Asset at the time the Guaranteed Stop Order is placed.
 - f. The Client agrees that trading operations using additional functions of the Client Trading Terminal such as Trailing Stop and/or Expert Advisor are executed completely under the Client's responsibility, as they depend directly on his trading terminal and the Company bears no responsibility whatsoever.

4. Premium (or Swaps)

1. Any open Transaction held by you at the end of the trading day of the Underlying Market or over the weekend when the relevant Underlying Market is closed, shall automatically be rolled over to the next business day to avoid an automatic close. You acknowledge that when rolling such Transactions to the next Business Day, a Premium will be either added or subtracted from your Account with respect to such Transaction ("Rolling"). The Premium amount is a constant percentage of the position value and is based on a number of factors including among others, whether the Transaction is a Buy or a Sell, interest rates, Underlying Asset differentials, daily price fluctuations and other economic and market related factors. The Premium for each Underlying Asset is displayed in the "details" link for each specific Underlying Asset on the Trading Platform.

2. In deciding whether to open a Transaction for a specific Underlying Asset, you acknowledge that you are aware of the Premium.
3. You hereby authorize us to add or subtract the Premium to or from your Trading Account for any open Transactions that have accrued a Premium, in accordance with the applicable rate thereto, each day at the time of collection specified on the Trading Platform for each individual Underlying Asset, as applicable.

5. Expiry Transactions and Rollover

1. We may, in our sole and absolute discretion, set an Expiry Date and time for a specific Instrument.
2. In the event we set an Expiry Date for a specific Underlying Asset, it will be displayed on the Trading Platform in the details link for each Underlying Asset. It is your responsibility to make yourself aware of the Expiry Date and time.
3. For Futures Contracts on our Trading Platform we may, at our absolute discretion, set an automatic Rollover to the next tradable contract. Rollover dates are unique to each type of contract being traded and vary in duration and are notified to clients. Where an automatic Rollover occurs, the original position will remain open and continue trading on the next contract. In these cases, an adjustment will be made to your equity in order to reflect the difference between the rate of the expired contract and the rate of the new contract. Clients with open positions who do not wish to have their positions rolled over onto the next contract should close their positions before the scheduled Rollover.

We may, at our sole and absolute discretion, with respect to an Instrument which has an automatic Rollover, remove the automatic Rollover and set back an Expiry Date. Such a change will affect both new positions and existing open positions. In such circumstances, we will notify you by email prior to such change to any existing trade, however, you acknowledge that it is your responsibility to make yourself aware of the specific Instrument details available on the Trading Platform.

In respect of a Rollover of an open position, it is your responsibility to ensure that your trading account has sufficient cleared funds to meet the margin required on any relevant new trade to be entered into as part of a Rollover.

We reserve the right to act reasonably and in accordance with our regulatory obligations to require you to close out Transactions in a timely manner in the event that a trading instrument is removed from the Trading Platform. Where Transactions remain open for more than 7 (seven) days following our requirement for you to close them out, we reserve the right to close such Transactions on your behalf at the last available price.

6. Spreads

All FX and CFDs available with the Company have spreads which appear on the Trading Platform and/or the Website. The Company has the right to amend its spreads in its discretion from time to time. Such changes shall be effected on the Trading Platform and/or the Website and the Client is responsible for checking for updates regularly.
